HERE THEY ARE! This issue has all the gleanings from your Annual Reports. There are lots of good ideas you all can use. Be sure to look for your school if you sent in a description of your activities. Looks like the favorites were Les Misérables, Tartuffe, and that most French item--FOOD!

*Be sure as you get ready to gear up for the new school year that you are an AATF member. This is an SHF requirement as you are all aware of. If you need a membership card and do not know the address, we can send you one.

*We have our new address computer service in place and hope this will facilitate mailings. Please check your label to make sure it is correct and send us any changes.

*We will be dropping those after this mailing who did not send in an Annual Report for last year. If you did not, please use the one from the last mailing and get it in right away--Sept. 30 is the deadline for all old business!

*Remember you can buy SHF seals from our office. The price is 40 seals for $5. These can be used on the diplomas of SHF graduates or for other purposes.

*Several teachers have written asking for good ideas for the initiation ceremony. If you have any, please send them along and we'll publish them in the L'ELAN. The Mississippi section of this newsletter has one for starters.

*We are aware that several of you, perhaps through a lack of awareness, are using your own certificates and not sending in the order forms for the official ones for your ceremony. Please be aware that this is illegal. In order to be able to use the name SHF or French Honor Society in conjunction with your award giving, you must use the official certificates and pay the dues and send in the Annual Report to remain an active member. We are aware that many of you have taken over from other sponsors who have not made this clear to you, but trust you will get things straight this year.

*As the school year begins, be on the lookout for possible entries for the creative writing and art (black pen drawings only) contest. Particulars will be sent our in January, but save all good possibilities in the meantime.

*ALL THE BEST FOR UNE BONNE ANNÉE SCOLAIRE!

E. Harris

joint initiation with Spanish and
German honor societies.

SCHOLARSHIP WINNER REPORTS

Although Montréal airport was a
trying event what with the first
gripping tears of homesickness, upon
reaching Neufchâtel by twin-engine
plane I began to realize what fun
this could be. And how.

The first days and nights in
Neufchâtel were crammed with place-
ment tests, awkward meetings, and
lots of late-night whispering with
my roommate, Shannon Barefield. Cool
rains ensued, as did day classes with
a hysterical-but-informative Bruno
Montrouye. Extracurricular activities
such as trips to Ste. Anne de Beaupré
(where numerous miracles were said
to have been performed), Ste. Foy,
Lac de Saguénay, and Les Chutes de
Neufchâtel as well as superfluous
trips to midnight cafés (for the best
cappucino I've ever tasted) made the
trip one of the most enjoyable--and
educational--I've yet taken.

Québec was really an experience.
Where else could I have survived so
peacefully for the first four days
without my lost baggage?!

--Claudine Villardito
St. Gregory's HS, Tucson, AZ
